

# Teeter's Telescopes

## **2018 Rebates, Specials and Discounts**

### ■ **“Return Customer” Program (Up to a \$750 Discount)**

Save an additional **\$300.00** on the base price of your telescope, or telescope structure, purchase if you've already purchased a telescope or telescope structure from us in the past. Save an additional **\$300.00** (in total) on available upgrades such as focuser upgrades, secondary mirror upgrades, aluminum altitude bearings, secondary dew heater, ServoCat GoTo/Track, etc. For those who wish to have their telescopes shipped or delivered by us, an additional **\$150.00** discount on shipping or delivery will be given.

These savings total up to **\$750.00!** Please note the following “fine print”:

- Applicable only to those who purchased at least one telescope or telescope structure from us in the past. Discount cannot be given to those who purchased a Teeter's Telescope on the used market;
- Program is also applicable if two telescopes are purchased by the same person at the same time;
- Those customers picking up their telescopes and/or telescope structures in person from our workshop do not qualify for the additional \$150.00 shipping/delivery discount, sorry;
- No retroactive discounts can be given for previous orders;
- Additional limitations not expressly detailed here may affect your ability to qualify for these discounts. Teeter's Telescopes retains the right to deny approval of said discounts at its own discretion.

### ■ **“Refer a Friend” Program (Up to a \$600 Discount)**

Save an additional **\$250.00** on the base price of your telescope, or telescope structure, purchase by referring a friend to us who then also purchases a telescope or telescope structure. Save an additional **\$200.00** (in total) on available upgrades such as focuser upgrades, secondary mirror upgrades, aluminum altitude bearings, secondary dew heater, ServoCat GoTo/Track, etc. For those who wish to have their telescopes shipped or delivered by us, an additional **\$150.00** discount on shipping or delivery will be given.

These savings, up to **\$600.00 in total!** also then apply to your friend's purchase as well! Please note the following “fine print”:

- Both telescope and/or telescope structure purchases must be made during the same production run;
- However, both telescopes and/or telescope structures need not be of the same aperture, focal ratio or contain the same upgrades; they can be different;
- Those customers picking up their telescopes and/or telescope structures in person from our workshop do not qualify for the additional \$150.00 shipping/delivery discount, sorry;
- You and your friend must mention each other's name during the order process so the two orders can be tied together and full discounts given to both parties;
- No retroactive discounts can be given for previous orders;
- Additional limitations not expressly detailed here may affect your ability to qualify for these discounts. Teeter's Telescopes retains the right to deny approval of said discounts at its own discretion.

### - **“Club Scope” Program (Up to a \$600 Discount)**

This program is intended for astronomy club's looking to purchase a telescope or telescope structure for use by their club membership. The telescope can be for public outreach hosted by the club or provided as a loaner telescope for members in good standing. Similar to the “Refer a Friend” program above, the same \$250.00 base price discount, \$200.00 discount for available upgrades and \$150.00 discount on shipping/delivery also apply to this program. The following “fine print” applies to these discounts:

- Astronomy Club must be an established club with steady membership, regular meetings and/or regular observing sessions;
- The club must submit in writing a copy of their bylaws, or proof of incorporation and/or non-profit status; we're trying to weed out individuals posing as a club in order to qualify for these discounts, so proof that a club is purchasing the telescope is required;
- Discount is applicable to multiple telescopes and/or telescope structures in the same order;
- Those customers picking up their telescopes and/or telescope structures in person from our workshop do not qualify for the additional \$150.00 shipping/delivery discount, sorry;
- No retroactive discounts can be given for previous orders;
- Additional limitations not expressly detailed here may affect your ability to qualify for these discounts. Teeter's Telescopes retains the right to deny approval of said discounts at its own discretion.
