See Page 2 for Order Comments and Additional Information.

General Order Comments:

- TT/Classic telescope includes (but is not limited to) the following standard components:
 - “Truss Ring” to allow quick assembly and disassembly in the field;
 - Aurora Precision EQ-style 6-point Flotation Mirror Cell, PLOP-optimized for this specific primary mirror, utilizing roller edge support;
 - Primary Mirror Center-Spotting Service utilizing the CatsEye “HotSpot”;
 - AstroSystems 4-Vane HD Spider with tool-less collimation secondary holder;
 - Telrad Reflex Finder;
 - Internal Mirrorbox Baffle with Black Velvet to enhance contrast and reduce extraneous light;
 - Black Velvet Light-trip Across from Focuser inside of Upper Tube Assembly to enhance contrast;
 - Dual Boundary Layer Cooling Fans, with ****NEW**** variable speed controller dial, to scrub the “boundary layer” of turbulent air on top of the primary mirror, yielding sharper images at the eyepiece;
 - DewBuster 12-volt Controller/Splitter Box, integrated with wiring of scope;
 - Custom-fitted Nylon/Lycra Light Shroud;
 - Custom Truss Pole Carry Case with Shoulder Strap;
 - Moonlite Style Ball and Socket Truss Connectors for Lower Truss Connection;
 - Aurora Precision Truss Connectors for Upper Truss Connection;
 - Black Anodized Aluminum 1.250” OD Truss Poles;
 - Virgin Teflon and Black FRP (Fiberglass Reinforced Panel, or “Glassboard”) Azimuth and Altitude Bearing Surfaces.

Specific Order Comments:

- Cali Red Wood Stain, Black Hardware Package;
- Focuser to be mounted on RIGHT-hand side of scope (standing at rear and looking skyward);
- Light Shroud Color: Black

Payment Details:

- By acceptance of this invoice the customer agrees to submit payments on the following schedule:

Please inquire for updated and current information.

We thank you for the opportunity to submit this Sales Order. Should you have any questions or need any clarification, please do not hesitate to contact us.

Respectfully Submitted,

Robert J. Teeter Jr.
Owner, Teeter’s Telescopes, LLC.
